Schedule Update – Voyage Slide

Dear Valued Customer,

Swire Shipping regrets to advise that MV. *APL ISLANDER* has experienced schedule disruption following port closures and terminal constraints caused by Typhoon Simulak and has yet to fully recover her schedule despite the previous voyage slide in May.

In addition, MV. *APL OCEANIA* has encountered significant port congestion resulting from the impact of Typhoon Mekkhala. With the ongoing impact of Typhoon Bavi this week and the continuing schedule disruption across the service network, both vessels will undertake a 1-week voyage slide.

Please find below the revised schedule and coverage plan for your reference.

Cargo Arrangements

- All volumes attached to the MV. *APL OCEANIA* V.2624S will be maintained.
- All volumes to Guam attached to the MV. *APL ISLANDER* V.2625S can be advanced to connect with the MV. *APL OCEANIA* V.2624S.
- All volumes to Saipan attached to the MV. *APL ISLANDER* V.2625S will be maintained.

The tentative revised schedule is as follows:

	<i>APL OCEANIA V.2624S</i>	<i>APL ISLANDER V.2625S</i>	<i>APL OCEANIA V.2626S</i>

Yokohama	19-Jul	22-Jul	04-Aug

Saipan	-	28-Jul	-

The changes will be reflected in our schedules published next week. Our Customer Success Team will be in contact to provide revised booking confirmations for any affected bookings.

Please contact your local customer service representative should you have any questions.

Yours sincerely,
